NOTE FOR: Mr. Coffey

From the 39 proposed regs in process (Tab A), we appear to be more current than ever before.

The only ones I consider delinquent are jobs 5838 and 5839 on first page that DD/P did not authenticate in a month and a half after they have already coordinated on it.

MEMORANDUM FOR: Mr. Coffey

THRU : [redacted]

The attached reports, Tabs A and B, show the status of jobs out for coordination, information, and authentication on 15 May 1970, and the total number of jobs processed by month during the period 1 November 1969 through 30 April 1970. (Our last report was through 31 October 1969.)

The main purpose of Tab A is to show responsiveness on the part of the coordinators and, to show those cases held in DDS and DDP for authentication on 15 May 1970. This data, of course, changes daily, but it is representative of the time it takes the coordinators and the authenticators to process proposals through their offices. Since authentication should be accomplished within a minimum of time, three to five days, RCB has set no time limits on this phase of the process. However, in the interest of speeding up the coordination process, RCB does establish realistic response time for the coordinators. Normally, the more complicated the job, the longer the time allowed. Most of the coordinators attempt to comply with this requirement, but, failing to do so, request additional time.

Tab B is intended to bring you up to date on the total number of jobs being processed. You will note that our back log is slowly diminishing; but at this time it is too early to determine what the normal case load will be. On 1 October 1969, RCB had a total of 184 active jobs. Today we have 124. RCB continues to receive an average of one new job per workday.

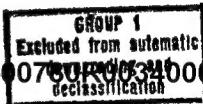

Per your instructions we have forwarded copies of Tab A to the Chief, OPSER, and the SSA-DDS.

MEMORANDUM FOR: Mr. Coffey

1 THRU :

SUBJECT : Status Report on Regulatory Proposals Submitted to
Chief, OPSER

The attached reports are to inform the ADDS on the status of those jobs held in DDP/PC for authentication and coordination as reported on 26 February 1970. Also attached but not related to the 26 February 1970 reports are jobs held in DDP/PC on 15 April 1970. These reports are for information only; consequently, copies have not been sent to C/OPSER. A quarterly report will be submitted to the ADDS on 15 May 1970 with courtesy copies to the SSA and C/OPSER.

In reporting on the 14 jobs held in DDP/PC for authentication on 26 February 1970, we wish to point out that ten of those held had not been through the formal coordination process, but were sent for authentication as there were no substantive changes in the proposals. Of the 14 jobs held in DDP/PC for authentication on 26 February 1970, three have been published, one is still in DDP/PC, and ten have been returned to RCB; one authenticated but still in RCB (Job 5948) and nine with comments. These ten jobs were sent to the DDP/PC for authentication with information copies going to the usual coordinators. None of the coordinators had comments on the nine jobs except DDP, who in his dual role of coordinator/authenticator, elected to return these jobs to RCB not authenticated but with comments. The status and an explanation for each of these nine jobs is offered in the attachments.

Of the 25 jobs held by DDP/PC on 26 February 1970 for coordination, two have been published and three are still in DDP/PC. The remaining 20 jobs have all been returned to RCB and are being processed or have been returned to the originator for resolution of DDP comments.

Of the total 39 jobs held in DDP/PC on 26 February 1970, five have been published, four are still in DDP/PC, and 30 have been returned to RCB. Eleven of the 30 are waiting further action by DDP/PC, however,

AUTHENTICATION ON 26 February 1970

<u>Item No.</u>	<u>RCB Job No.</u>	<u>Issuance</u>	<u>Title</u>	<u>Remarks</u>
X1 1.*	5371			This job was sent to DDP/PC with information copies to coordinators on 5/5/69, and was returned unsigned with comments to RCB on 3/25/70. Proposal returned to O/F 3/26/70 for resolution of DDP comments.
2.	5231			Published 3/27/70.
3.	5294			This job was completely coordinated and authentication copies sent to DDS and DDP on 2/20/70. HR was signed and returned to RCB on 3/20/70. [] was returned 25X1 4/6/70 authenticated, but with required changes. Since changes were made, RCB could not send job to printer until changes were resolved with DDP. All references to the names of awards were omitted and Identities substituted in their place. RCB is working with DDP/PC on the best approach to solve this problem since Identities have never been used in Agency Regulations. Problem is still unresolved.

<u>Item No.</u>	<u>RCB Job No.</u>	<u>Issuance</u>	<u>Title</u>	<u>Remarks</u>
X1 4.*	5892			Information copies were sent to coordinators 4/1/70 prior to authentication. No comments were received from coordinators; however, since this job is related to Jobs 5946 and 6024 (see below), RCB is unable to proceed until problems with Job 6024 resolved.
5.*	5946			Same comment as Job 5892.
6.*	6024			A meeting was held in [redacted] office on 24 March 1970 to discuss this proposal. The meeting was attended by O/P, O/F, OGC, SSA and RCB. As result of this meeting, a final draft of the proposal was prepared by RCB and on 4/1/70 information copies were sent to all participants and to coordinators. The only response was from DDP/PC who did not agree with RCB's language. DDP/PC will discuss with C/OPSER and submit the DDP position. This action may require recoordination of this proposal. C/RCB has personally checked with O/P, OGC, and O/F who all agree that RCB language is correct as to the understanding reached at the 3/24/70 meeting. O/C was shown DDP and RCB drafts and also agrees RCB language is preferable. 25X1

<u>Item No.</u>	<u>RCB Job No.</u>	<u>Issuance</u>	<u>Title</u>	<u>Remarks</u>
X1	7.*	5948	[Redacted]	This job was sent to DDP 10/7/69 for authentication. It was signed and returned 13 March 1970. This job was not coordinated since the purpose was to substitute the term "Permanent Place of Residence" for "designated place of residence." RCB again reviewed job prior to sending the HR counterpart to DDS for authentication. It appears that in substituting this change in term, O/P inadvertently made a substantive change. Since [Redacted] was on 30 day leave and no one else in O/P was familiar with this proposal, RCB checked with O/F. However, O/F could not offer any assistance in this proposal so the job was held for further discussion with [Redacted] RCB will meet with 25X [Redacted] on 4/16/70. 25X
X1	8.	6065	[Redacted]	Published 3/24/70.
	9.*	5244	[Redacted]	This job was returned unsigned to RCB on 3/16/70 because DDP believes this job will be superseded by a Travel Policy Committee proposal which has not been submitted to RCB. Job 5244 will be held in RCB pending receipt of the TPC proposal.

	13.*	5907	[Redacted]			This job was returned unsigned on 3/6/70 with comments. The proposal and comments were returned to O/F for resolution.
	14.*	5909	[Redacted]			This job is being held in RCB pending decision on Job 5907.

*RCB's original report of 26 February 1970 to the ADDS shows these jobs as held in DDP/PC for authentication. However, to make the report more meaningful, these jobs should have been reported as sent to the DDP/PC for information/authentication. Normally when only minor changes to regulations are involved, such as title changes, etc., and when jobs having short due dates for publication are proposed, RCB sends out information copies to all the coordinators, including DDP/PC with three to five days response time. If no responses are forthcoming within the allotted time, authentication copies are sent. However, DDP/PC often elects to hold both the information and authentication copies and returns one or the other with comments. RCB has requested that DDP/PC advise RCB by phone within the information time if comments are contemplated. This precludes RCB from sending to DDP/PC those jobs for authentication.
